COUNCILHOUS QUIET SESSION LAST MONDAY

Government Engineer Turns Down Cemetery Site—The Committee Now in Search Of Another.

The regular meeting of the committee held last Monday evening. Mayor Bott was in the chair and the following councillors present: Laville, Lydiatt, Howard, McLean and Broughton.

In the business arising out of the minutes Engineer Aschworth reported that Government Engineer Owens would not give his consent to locating the cemetery site on the property suggested by the cemetery committee on the ground that it was too near the pumping plant.

On motion of Councillors Lydiatt and McLean the cemetery committee was authorized to make further investigation for suitable site for a cemetery, owing to the objection of the department to the site recommended by them.

The light and water committee reported regarding the communication from the employees of the pumping station asking for an increase in wages and said that they could not give their assent to the recommendation of the committee.

On motion of Councillors Lydiatt and McLean the report was referred to the finance committee with instructions to take the matter up with the auditors and report to next meeting.

The finance committee recommended the payment of a number of small accounts, and they were ordered paid on motion of Councillors McLean and Lydiatt.

A letter was read from the town's fiscal agent asking for prices on gravel, sand and stone. The clerk notified the council that he had answered the letters giving this information and a motion was passed concerning action of mayor and secretary.

The clerk reminded council that they sit at a court of revision next Wednesday. On motion of Councillors Broughton and Lydiatt the council will also sit as a council at the same time to consider a by-law re improvements in water system.

On motion of Councillors Howard and Lydiatt the mayor was instructed to go to Edmonton if necessary to confer with the utility commission regarding proposed water main extension.

Councillor Laville asked if it would not be advisable to have a telephone placed in Mr. Congrain's house if his services could be secured quickly in case of breaks in the water mains.

On motion of Councillors Broughton and Lydiatt the engineer was instructed to have same done.

His worship informed the council that there were at present negotiations under way to induce Medicine Hat to provide some of the industries here with electrical power from their municipal plant. He pointed out that at present the Canadian Western Power & Fuel Co. is a franchise for the town but he thought satisfactory arrangements could be made with the company whereby this power could be transmitted to the industries here to use it. The matter had been taken up with the Medicine Hat council and that body looked upon the proposition favorably. They are at present working out plans to make this possible and the matter is now being dealt with the owners of the town franchise.

Council then adjourned.

Fatal Accident Befalls Little Girl

A very sad accident which eventually proved fatal, occurred in town last Friday morning as a result of which the little two-year-old daughter of Mr. and Mrs. M. Koschak, a Russian family, lost her life.

Mrs. Koschak was washing clothes and had just filled a tub up with boiling water. While her attention was taken up with her work the little girl who was playing about, stumbled back, warbling the boiling water and was so badly burned that nothing medical skill could do could save her life and she passed away the following evening.

The funeral took place last Monday and the remains were interred in the Medicine Hat cemetery.

Will Allow Soldiers To Elect Members

The Alberta military representatives act as a general election, was last Monday and now stands for its second reading. This is the legislative act which gives special representation to soldiers now overseas.

Clause one of the act refers to the name, and clause two states that "in addition to the members comprising the legislative assembly, there shall be two members of the legislative assembly to represent the soldiers and nurses abroad engaged in the present war in England, at the front in France and Belgium."

The writ of election for holding an election shall bear the same dates as the writ for a general election. On receipt of the writ, the returning officer, who is John A. Reid, agent, at the town of Edmonton, shall place advertisements in the London Times and the paper called Canada, giving the place where, and time within which must not be less than four weeks from the first publication of the notice.

The writ of nomination is as follows: "Any ten electors may nominate a candidate by signing a nomination paper in the presence of a commissioned officer, and causing the same to be filed with the returning officer, and the returning officer shall appoint deputy returning officers and local polls and have ballots printed in due form and hold a poll.

Town Council Sits As Court Of Revision

The town council sat as a court of revision last Wednesday afternoon and although there were a few complaints against the assessment registered, the expropriation given sent all away apparently well satisfied.

W. B. Marshall and H. W. Harper appeared against the assessment of the southern quarter of section 22-13-6. They did not think the taxes were too much but thought the amount for which the property was assessed might be a hindrance in making sale.

R. R. Davidson appeared on behalf of the Quebec bank to appeal against the assessment on property in North Redcliff and the north half of section 20.

In both these cases the mayor explained that these valuations were arrived at in order to equate the load to be carried for school purposes only. He said it required a stated amount of money for this purpose and that if the assessment were reduced the tax rate would have to be increased so that the taxes would amount to the same sum. The explanation was satisfactory and the assessor's figures were sustained.

Wm. Henderson, Esq., appeared on behalf of R. M. West, to complain of the assessment on the latter's property Fifth street, his client contended it too high. A. Olson, had a similar complaint for his lot in Block 17. In both cases the council decided that as these cases were similar in conformity with others in the same neighborhood they would sustain the action of the assessor. The mayor explained to Mr. Olson that as the town had no power to build on his property and his taxes would not be any higher. It was also pointed out in these cases that the assessor was reducing the assessment would not lower the taxes as it would simply mean the raising of the tax rate to get the necessary money required to run the affairs of the town.

There were a few other similar written complaints but in all cases the assessment was sustained.

Band Organizes For The Season

The first regular meeting of the band took place Wednesday evening in the Men's Club rooms under the leadership of Mr. Frank Kramer. A good number turned out and great interest was taken by all present and it looks as if we are going to have a good live citizens band here this season which will be much appreciated by the citizens of Redcliff.

Band Master Kramer is starting a class immediately, and this gives a splendid opportunity for a limited number of members to start with the band immediately. Instruments will be furnished as soon as the instruction course is over, which will be about a month. There is room now for about 25 or 30 new beginners and any one wishing to join the class will leave his name with C. T. Hall at the drug store, or with Band Master Kramer on or before Monday evening, March 19th. All the old band members were given an invitation to any one interested in music to turn out to the beginners' class, as they all are taking the instruction course right along with the beginners.

Odd Fellows' Dance Was Great Success

There was a good attendance at the Odd Fellows' dance given in Reid's hall last Friday evening under the auspices of the Red Cross Society. The committees in charge of the different branches of the evening's program left nothing undone to add to the convenience and enjoyment of those present and consequently the whole affair was, very successfully carried off.

A whist drive was the first item on the program. In this there were keen competitors and all present got well acquainted for the dance which followed. The following were the winners in the whist drive: Ladies first, Mrs. M. R. Oliver; gent's first, J. Johnston. The boobies were won by M. B. McKay and R. Cann.

As the members of the Odd Fellows paid all the expenses in connection with the evening's entertainment, all have proceeded to take in were handed to the Red Cross Society. This amounted to \$97.80, and has been given to the treasurer of the society.

BRITISH NOW AT OUTSKIRTS OF BAPAUME

Have Advanced Their Front Against Germans and have Taken Greivillers and the Loupout Woods

Latest reports of the British operations both in France and against the Turks are most encouraging. They have gained considerable ground on the western front and are now knocking hard at the gates of Bapaume, and also are continuing to swing their front against the Germans holding the town, according to the latest British official communication.

In advance of the left wing of the British was on a front of more than 2,000 yards south of Achelle-Petit, which is northwest of Bapaume, and included the capture southwest of Esart of a thousand yards of trenches, small enterprises by the British on the north of Arras, called, says the London statement, while British troops were successively capturing German trenches east of Arras. On the remainder of the front artillery duels were continued, except in Champagne, where the British were further progress in the region of Maison du Champagne.

The British front against the Turks along the Tigris river at last reports had reached a point 30 miles above Bagdad and were still pursuing the Turks. Constantinople has admitted the evacuation by the British troops of Baghdad and the retreat of the Turks toward Samarra 75 miles to the north.

Wilson Orders Arming Of Merchant Ships

President Wilson, from a sick bed, ordered the arming of American merchant ships against Germany's ruthless submarine warfare and at the same time issued a proclamation calling for an extra session of congress, to meet April 16th. The president's decision was a surprise, following the action of the senate in reviving its rules to permit prompt action on the question of arming the ships of formal opinion by Secretary of State Lansing and Attorney-General Gregory. He had the power to arm merchantmen without action by congress.

Details of the government's armament plans for defending its merchant marine were withheld to avoid endangering Americans and ships in the Atlantic, and to prevent word to reach Germany. The only statement at the White House and the navy department was that the decision was determined to fully protect American rights.

Mac's Pool Room To Enlarge Quarters

D. McLachlan, who conducts a pool billiard and bowling business, has been branching out and enlarging his present quarters as to be in a better position to handle his increasing business. He will occupy the ground floor of the Black building on Broadway as well as the basement at present occupied. It is his intention to have the front portion of the ground floor fitted up as an up-to-date cigar store and barber shop, and in the rear more billiard and pool tables will be installed.

When all present plans are completed Mr. McLachlan will have one of the most modernly equipped businesses of this kind in the west.

Britain May Purchase All Canadian Wheat

An offer for the purchase by the imperial government of the Canadian wheat crop of 1917 has been made and is now under advisement by the executives of the Canadian Council of Agriculture and the Grain Growers' Association of the west.

The price offered is regarded for the time being as a close secret, but it is felt to be a figure considerably below the present market value of No. 4 Northern.

May Be Only One Camp For The West

While no definite announcement has been made it is believed that Camp Hughes will be the only military camp in western Canada this summer. It is expected that 15,000 troops will be trained there.

It is contended that much more efficient military training could be given if this plan were adopted and the camps at Sarcee and Vernon discontinued. The expense, it is stated, would also be much less.

The matter is one which is now under consideration and an announcement is expected in the near future, it is not yet known who the commandant will be, since it was stated some time ago that Major-General John Hughes would probably make an extended trip to England to inspect some of the new training arrangements.

Car Shortage Serious At Pacific Coast

An example of the seriousness of the car shortage situation is strikingly shown in the fact that 10,000 tons of freight lifted to buyers in the east is tied up at the Great Northern and Canadian Pacific yards in Vancouver without any facilities for moving it in sight. The freight consists principally of hides, hemp and oil, which were shipped to Vancouver by stevedores of the Canadian Dollar Company from the Orient and Russia. In the government sheds are six thousand tons and in the railway company's sheds 4,000 tons.

North Dakota Will Now Be Bone Dry

Liquor prohibitory legislation that was since the prohibition of liquor in quantities into North Dakota for personal use of consignees makes the prohibition absolutely "bone dry" is now in effect.

During the progress of the measure through the last stages of legislation the prohibition of liquor was eliminated and the bill, as it was signed by Governor Frazier, was an absolute prohibition against importation of liquor for beverage purposes.

Gigantic development work will take place in the Viking field of Alberta, where six million feet of gas wells were found.

Now Be Bone Dry

Liquor prohibitory legislation that was since the prohibition of liquor in quantities into North Dakota for personal use of consignees makes the prohibition absolutely "bone dry" is now in effect.

During the progress of the measure through the last stages of legislation the prohibition of liquor was eliminated and the bill, as it was signed by Governor Frazier, was an absolute prohibition against importation of liquor for beverage purposes.

Gigantic development work will take place in the Viking field of Alberta, where six million feet of gas wells were found.

Quebec Makes Start For Prohibition

The village of Buckingham, Quebec, "dry" last Friday by a majority of 21, following a vote under the Quebec Temperance act on April 16, and the village of Aymer on April 16. Should the prohibition vote carry, this will make the whole territory adjacent to Ottawa city "dry" as the county of Wright, aside from the city of Hull, is under prohibition laws.

British and French Make Gains on West

Again the French and British, with official record gains against the Germans on the line in France. Striking in the Champagne region on a front of 1,500 meters west of Malson de Champagne, the French made gains on all the positions previously taken by the Germans on ridge 185, and also invaded a German fortified work. One hundred prisoners were taken in the operation. In the Woerre region, near Seichprey, a raid on a German trench was successfully carried out while attacks by the Germans between Sennone and Rhims were repulsed.

The British on their part of the front in France entered German trenches in the vicinity of Bouchevastes, north of Peronne, and also carried out raids successfully to the south of Arras. In the latter sector the German positions were bombed and many casualties were inflicted on their occupants.

Hun Ship Sinks Belgium Relief Boat

The Norwegian steamer Storstad, a Belgian relief ship with one American on board, has been sunk by a German submarine.

Only 15 of the crew of the Storstad have been saved, says a Cork dispatch to the Lloyd's Weekly News. They were the occupants of the only boat to reach shore which did after fighting stormy seas for 36 hours. John Roy Christian, the American member of the crew, was among those who reached shore safely. The fourth engineer died of exposure and two boats containing 15 men were missing. Christian, the dispatch adds, said.

He was showing two Belgian relief ships to the coast and had the Belgian ship's engine painted on four parts of the ship. In addition, we saw the Norwegian flag hoisted and it was also painted on the sides of the vessel.

LEAVE CHURCH UNION UNTIL AFTER THE WAR.

An overture to the Presbyterian General Assembly on the effect that owing to the world being upset by the war the Presbyterian church may stand undivided as to the present course of the church was transmitted without comment by the Presbytery of Toronto.

The overture was signed by 24 members of the Presbytery, and they asked the General Assembly, meeting in June next, to advise the Presbytery of the church was transmitted without comment by the Presbytery of Toronto.

Mr. Bellantyne's resolution on the subject of church union was deferred until the April meeting of the Presbytery, when the committee will report.

Alberta's total indebtedness is \$38,037,335, with assets of \$120,074,889, the surplus is \$82,047,554.

No Parcels for Prisoners of War

The post office department is in receipt of a cablegram from the British authorities stating that no parcels containing foodstuffs or articles of value should be forwarded in future from Canada to Prisoners of War in Germany.

APPAM REVERTS TO ITS BRITISH OWNERS

In a unanimous opinion the supreme court of the United States decreed restoration to her English owners of the liner Appam and cargo, brought from Hongkong more than a year ago by a prize crew the German raider or Moewe. Ship and cargo, valued at between three and four million dollars, must be delivered within thirty days, as the court's order is final.

Nearly a million acres of government land were settled on in Alberta last year.

THE ASSESSMENT.

At the court of revision held yesterday afternoon there were a number of appeals against the assessment. In most cases the appellants did not find fault with the amount of their taxes but they rather considered them reasonable. The appeals were mostly on the ground that the property at the present time would not realize the amount for which they were assessed. As there is practically no movement in real estate just now this is no doubt the case, but conditions are not always going to remain as they are at present. If the result would be a hardship on the taxpayers a revision of the whole system might be advisable but it does not.

The council requires so much money annually to keep the municipal machinery in motion. To raise that money every lot in town has to contribute its share in the shape of taxes. If, for example, it figures out that every lot must pay \$40 for its share of the town's upkeep, what difference does it make whether you value the lot at \$800 and have a tax rate of 12 mills, or value the lot at \$400 and make the tax rate 24 mills? It all figures out at just the same amount of taxes and that is the only way it could be worked.

Some seem to lose sight of the fact that the town is working under the single tax system, and that it is the land only and not the improvements which are taxed. In this way the town is divided into sections and, with the exception of corner lots, all the lots, whether they have each section, whether they have buildings on them or not, are assessed at the same valuation. It would be quite a different matter if a person's merchandise, buildings and improvements were taxed. Then there would be a possibility of the assessor under estimating or over estimating valuations but under the present system all under similar conditions are treated alike and there does not appear to be much ground for complaint, as the total is fairly well equalized.

Then again there are those who bought lots during boom times. They didn't buy these lots to help the town out or to help anybody but themselves. They bought figuring that they would be able to sell again in a few minutes and make some easy money. But the slump came more suddenly than they figured on. They were left with some property on their hands and in due season, some taxes to pay. Then went up the holder. Everybody was to blame but themselves and the town was the biggest offender.

OUR DUTY.

In this issue of the Review the Dominion government is advertising another war loan issue of \$150,000,000 5 per cent bonds maturing the first of March, 1917.

In this issue the Department of Agriculture is also making a special appeal on behalf of the Empire and is asking that every energy be exerted in order that the land in this country produce every pound of food stuffs that it is possible under the circumstances to produce.

We draw the attention of our readers to these advertisements and would impress upon them

the importance of doing their utmost to comply with the requests therein contained.

For the past two years the brave lads who have gone to the battle front from Canada have been winning a name for the Dominion which will be written large in the pages of history and will be read with pride and admiration by our children and our children's children. There is also a great duty devolving upon those who are compelled to remain at home if we are to come out of this conflict feeling that we have done all that was possible to help destroy militarism and bring about a lasting peace. The mother country needs our foodstuffs and we have the land to produce it. The Dominion treasury needs all our surplus money and by buying up the war bonds a good investment is offered, aside from the patriotic phase. Application forms for them may be obtained at any chartered bank in Canada.

CHANGES PREDICTED.

At the present time, those who have been following closely the trend of events for the past thirty months, and now say the end of the war is in sight, are beginning to lay plans and make prediction as to conditions in the future. To judge from their summing up of the situation there are to be great changes in all civilized countries, following the conclusion of the war. Little noticeable among these changes it is pointed out, will be the law relation to the distribution of wealth. Men returning from the titanic struggle, whether exiling in victory or embittered by defeat, will have a little patience with conventions, traditions or "vested interests." These relics of anti-Armageddon days, we are told, will be swept away like chaff before the wind.

Men of clear vision and exceptional ability, force a wide extension of democracy, with the abolition of inheritance and of land ownership, except for actual use. They advise that those with families should have their daughters taught useful occupations.

We may deplore these changes, we may oppose them, but we cannot prevent them any more than we can check the rising tide. The wise man will, therefore, put his house in order and prepare for the inevitable change. It may not come suddenly but there appears to be no doubt that it will come. Let us hope it may not be necessary for further bloodshed in order to bring it about.

HOMESTEAD REGULATIONS

The Department of the Interior has made some changes in the homestead regulations which should not only encourage the "back to the land" idea but should also be a great help to any who contemplate taking up a homestead.

According to the new regulations men who take out a homestead in Canada this year, or who have taken out one during the past two years will have the privilege of securing their right to its ownership by two years' work upon it, instead of three, provided they fall into line and help with the seeding, as requested by the national service movement.

We understand that the same conditions apply to men who are working in factories engaged in the manufacturing of war munitions.

A GOOD IDEA.

The U. F. A. now comes forward with the novel suggestion that the government commission, which now has the right by law to investigate the books of internal elevators, should take over all grain which is listed "overage," and that the government use the same for experimental

purposes in the three western provinces.

According to U. F. A. officers who have been looking into this matter, these elevators show more grain on hand at the close of the season than their books show they have taken in from the farmers. There is only one way that this condition can be arrived at and that is by heavy dockages or in other words, short, weighting the original owners of this grain. It is estimated that these "overages" amount up to millions of dollars. Just now, when the government is advocating the practice of economy and thrift, it would be a good idea if they would take over these millions and apply them to improving conditions of those from whom it was taken.

PRODUCE FOR MARKET.

The householder who buys a poorly nourished and careless marketed chicken or fowl secures a very inferior article of food, whereas the purchaser of a well finished and properly prepared, crate fed bird, obtains a luxury. There is a corresponding difference between grades of eggs that are offered at many stores. To enlighten poultry keepers in the method of preparing both poultry and eggs for the market and placing thereon, the Dominion Department of Agriculture has issued an excellent bulletin. It treats the subject in paragraphs bearing the following heads:

Preparing Poultry for Market. System of Marketing, Packages, Marketing, Crate Feeding, Killing, Plucking, Cooling and Packing.

The Bulletin is helpfully illustrated in showing the proper and improper methods of packing poultry—as well as of modern egg cases, crates and other features connected with the industry.

Copies of this Bulletin are obtainable from the publication branch of the Department of Agriculture at Ottawa.

OTHER PEOPLE'S OPINIONS.

The Review is not responsible for the opinions thus expressed by its readers in communications printed under this head—Publisher.

Mr. Editor:

I noticed in your issue of the 8th last, some very cutting remarks in the report of the Red Cross meeting. I might say, just to let everyone know, that we gave her half free and also gave all the work of getting the supper, cleaning the hall and washing the dishes, and got nothing for it. We also got Mr. Fairbairn to take the floor and handle the money that people could not say that we kept any money.

The total receipts were \$25.00 from which \$15.00 went for music and \$10.50 for the supper.

I think when we gave the hall free and also got Mr. Fairbairn to take the floor and handle the money that people could not say that we kept any money.

Thanking you for space in your paper for these lines few lines and to show everyone that we did not get up this dance to pay some one else

Will that your paper speaks of. Yours truly, J. C. REID.

We think the above is entirely uncalculated for and really should not require any comment from us. If our report of the Red Cross meeting gave the writer of the above communication the impression that the society thought he or any one else was withholding money from them, we are sorry, but we cannot see how that money was taken out of them. The reason the society took the stand it did at the last meeting of the executive was simply as a precautionary protection to both the society and the public.—Editor.

WAR LOAN

DOMINION OF CANADA

Issue of \$150,000,000 5% Bonds Maturing 1st March, 1937

Payable at par at Ottawa, Halifax, St. John, Charlottetown, Montreal, Toronto, Winnipeg, Regina, Calgary, Victoria, and at the Agency of the Bank of Montreal, New York City.

INTEREST PAYABLE HALF-YEARLY, 1st MARCH, 1st SEPTEMBER.

PRINCIPAL AND INTEREST PAYABLE IN GOLD.

ISSUE PRICE 96.

A FULL HALF-YEAR'S INTEREST WILL BE PAID ON 1st SEPTEMBER, 1917.

THE PROCEEDS OF THE LOAN WILL BE USED FOR WAR PURPOSES ONLY.

THE MINISTER OF FINANCE offers herewith, on behalf of the Government, the above-named Bonds for Subscription at 96, payable as follows:—

| | |
|-----------------------------|--|
| 10 per cent on application; | |
| 30 " 16th April, 1917; | |
| 30 " 15th May, 1917; | |
| 30 " 15th June, 1917. | |

The total allotment of bonds of this issue will be limited to one hundred and fifty million dollars, exclusive of the amount (if any) paid for the surrender of bonds as the equivalent of cash under the terms of the War Loan prospectus of 22nd November, 1915.

The instalments may be paid in full on the 16th day of April, 1917, or on any instalment due date thereafter, under discount at the rate of four per cent per annum. All payments are to be made to a chartered bank for the credit of the Minister of Finance. Failure to pay any instalment when due will render previous payments liable to forfeiture and the allotment to cancellation.

Subscriptions, accompanied by a deposit of ten per cent of the amount subscribed, must be forwarded through the medium of a chartered bank. Any branch in Canada of any chartered bank will receive subscriptions and issue provisional receipts.

This loan is authorized under Act of the Parliament of Canada, and both principal and interest will be a charge upon the Consolidated Revenue Fund.

Forms of application may be obtained from any branch in Canada of any chartered bank and at the office of any Assistant Receiver General in Canada.

Subscriptions must be for even hundreds of dollars.

In case of partial allotments the surplus deposit will be applied towards payment of the amount due on the April instalment.

Serial certificates, non-negotiable or payable to bearer in accordance with the choice of the applicant for registered or bearer bonds, will be issued, after allotment, in exchange for the provisional receipts.

When the serial certificates have been paid in full and payment endorsed thereon by the bank receiving the money, they may be exchanged for bonds when prepared, with coupons attached, payable to bearer or registered as to principal, or for fully registered bonds, when prepared, without coupons, in accordance with the application.

Delivery of serial certificates and of bonds will be made through the chartered banks.

The issue will be exempt from taxes—imposed in pursuance of legislation enacted by the Parliament of Canada.

The bonds with coupons will be issued in denominations of \$100, \$500, \$1,000. Fully registered bonds without coupons will be issued in denominations of \$1,000, \$5,000 or any authorized multiple of \$5,000.

The bonds will be paid at maturity at par at the office of the Minister of Finance and Receiver General at Ottawa, or at the office of the Assistant Receiver General at Halifax, St. John, Charlottetown, Montreal, Toronto, Winnipeg, Regina, Calgary or Victoria, or at the Agency of the Bank of Montreal, New York City.

The interest on the fully registered bonds will be paid by cheque, which will be remitted by post. Interest bonds with coupons will be paid on surrender of coupons. Both cheques and coupons, at the option of the holder, will be payable free of exchange at any branch in Canada of any chartered bank, or at the Agency of the Bank of Montreal, New York City.

Subject to the payment of twenty-five cents for each new bond issued, holders of fully registered bonds without coupons will have the right to convert into bonds of the denomination of \$1,000 with coupons, and holders of bonds with coupons will have the right to convert into fully registered bonds of authorized denominations without coupons at any time on application to the Minister of Finance.

The books of the loan will be kept at the Department of Finance, Ottawa.

Application will be made in due course for the listing of the issue on the Montreal and Toronto Stock Exchanges.

Recognized bond and stock brokers having offices and carrying on business in Canada will be allowed a commission of three-eighths of one per cent on allotments made in respect of applications bearing their stamp, provided, however, that no commission will be allowed in respect of the amount of any allotment paid for by the surrender of bonds issued under the War Loan prospectus of 22nd November, 1915, or in respect of the amount of any allotment paid for by surrender of five per cent debenture stock maturing 1st October, 1919. No commission will be allowed in respect of applications on forms which have not been printed by the King's Printer.

SUBSCRIPTION LISTS WILL CLOSE ON OR BEFORE THE 23rd OF MARCH, 1917.

DEPARTMENT OF FINANCE, OTTAWA, March 12th, 1917.

FOODS FOR THE PICNIC

Be Prepared on Short Notice For Family Outing

It is the wise mother who will occasionally "drop everything" to save the family day in the woods or park. The "careless" mother gives the family the pleasures of children. You remember what a splendid romp you had under the trees of a beautiful brook that day long ago when some kind soul "let go" of her round and took you for an outing. Years ago even the best pretentious excursionist carried a great amount of extra food and refreshment. It was often necessary to manage even a half day's pleasure trip for the children.

In these days of progress and pure food laws high salaried chefs are employed to prepare meats, etc., of all kinds ready to serve. A picnic basket, the delight of old and young, can now be quickly packed. Some of the most delicious foods may be packed, can and all, as they come from the grocer. When buying canned meats the two important points to demand are that the can bears the inscription "Government Inspected and Passed," and the name of the manufacturer known for the quality and uniformity of his product. Do not limit to the variety of a canned food picnic meal, for you have the foods of the world to choose from.

Getting his Own Back

Murphy was taken a day off, and, wishing to enjoy himself thoroughly, had walked round to watch "the boys" working. He was surprised to see his friend and colleague Kelly working as if carrying a load of mortar up and down a ladder were the only thing he could find real pleasure in.

"It's yourself that's working mighty hard today, Kelly," apostrophized Murphy.

"What! I'm just making a fool of the boss!" said Kelly, winking slyly. "And how are you doing that, Kelly?"

"Sure, Murphy, it's as easy as kissing your hand! He sees me going up and down the ladder with my hod full of mortar and he thinks I'm working. But, Murphy, my boy, it's the same hodful I'm carrying up and down all the time."

Following Orders

Mrs. Gooseberry was horrified at seeing her son standing on his head against the garden fence.

"Tommy," she cried, "what are you doing now?"

"Standing on my head," replied Tommy. "Didn't you tell me to play something that wouldn't wear my shoes out?"

Politeness in Excess
Mrs. Jordan had ideas on the way children should be reared. Her young boy, Tommy, caused her a little anxiety in this respect. Now and again, therefore, a serious "politeness" lecture was administered.

"Now, Tommy, dear," she started, "supposing you accidentally stepped upon a gentleman's foot, what would you say?"

"I would say, 'Beg your pardon!'"

"That's my own little son!" smiled the pleased mother. "And if the gentleman gave you a copper for your politeness what would you say?"

The innocent look passed from Tommy's eyes as he quickly answered: "Way, I would stand on the other foot and say, 'Beg pardon!' again, of course."

For the enthusiastic girl rider this smart suit has been designed, consisting of knee length coat and knickerbockers.

DISHCLOTH AND DUSTER

The modern dishcloth is a honey-combed knitted affair and it wears like iron. Such cloths may be bought in any department store for a few cents or they may be knitted at home. It goes without saying that the home-made one has two virtues of its own. It is soft and it is strong. It is made of the finest cotton and very coarse needles. It is a double thread may be knitted into it. Old lace curtains make good dishcloths, or several thicknesses of cheesecloth. Another thing, do not prepare one dishcloth at a time, but have at least three, and six is better. Let your dishcloth be washed and hung in a week with dish towels and hang them in the open to dry.

There may be cloth dusters and feather dusters, fannel dusters, and "dustless dusters," but there can never be too many dusters. The shops keep pace with this demand. In the gift shops we find dusters of ray-colored cheesecloth, pink, blue, yellow and lavender. Some have dainty cross-stitched borders, and others have lustrous delicate embroidery upon the corners. There may also be found a useful duster of coarse flannel, with another piece of cloth stitched to it in the center, in the shape of a hand, into which the hand may be slipped as a protection from the dust.

Good Luck Cake

Two cups of sifted flour (best), 1 large teaspoon of baking powder, 1 1/2 cups of confectioner's sugar, 1 teaspoon of flavoring extract, 1/2 cup of butter, 1/2 cup of water, whites of 4 eggs. Cream and sugar and add the water. Never mind the looks. Then add the flour and baking powder, after sifting them mixed together. Stir this thoroughly and then add the stiffly beaten whites of the eggs. After that beat it for 5 minutes. Finally add the flavoring extract, whichever you see prefer, and bake immediately. This will make either a loaf or layer cake.

Breakfast Breakfast

Breaks the slices of bread on one side, then removes from the oven and spreads unknown side lightly with butter. Heat cinnamon and sugar mixed in a shaker and sprinkle over each slice. Lay a pan and returns to the oven until the sugar is melted and brown. This will keep until used and is good with hot milk for the children's luncheon.

Handy Match Box

If a small box is nailed to the wall just above the gas stove the used matches may be easily thrown in one-half of it and the unused ones into the other, thus keeping the matches of the stove.

TAPT HOPES U. S. SHIPS

WILL SINK HUN SUBS:

"If a United States armed merchant ship sights and sinks a German submarine, as I hope she will," said Former President Taft, at a meeting in St. Johnsbury, Vt., "the next step will be up to Germany. If, however, the submarine sinks an American ship, the next step will be up to the United States."

Mr. Taft, who explained the purpose of the League to Enforce Peace, said the deck of an American ship was as inviolable as American territory.

HELP TO WIN.

(By W. J. Wilde, Bowell.)
I am not so old, nor yet so wise.
But this I'd like to say:
Listen to this little advice,
It will help to smooth the way.

A little bit of sunshine,
A little bit of rain,
A lot of good hard work, boys,
Is sure to grow the grain.

So take it as you will, boys,
This is our only chance:
To help our mother country, France,
And our own dear boys in France.

So put in all you can, boys,
And never, never stop;
We'll help to win the war, boys,
By putting in a crop.

If luck it goes against you, boys,
And every thing looks blue,
Just think of those in France, boys,
And what their doing for you.

So get ready for the drive, boys,
We'll take it on the run,
With lots of wheat we'll help to beat
Our enemy, the Hun.

Negotiations are under way for the building of three 8,000-ton steamers on the Pacific coast.

Good Map of the Western Provinces

A new map has just been issued by the railway lands branch, Department of the Interior, Ottawa, which will not doubt be hailed with pleasure by the mercantile and professional community. It is entitled the *Justified District Map*. The merchant, farmer or other citizen of the west, as well as the politician of the east, has of late noted the paucity of information with regard to the exact location of the points at which tidings of the courts are held, or at which title deeds or other important documents of a similar nature may be registered. This lack is of obvious benefit and importance to all those having matters of a litigious nature in hand. The new publication, shows, by an elaborate, but not complicated, color scheme, the location of both land registration and judicial districts, in the provinces of Manitoba, Saskatchewan and Alberta.

A Daily Telegraph dispatch from Rome says: "According to information from a diplomatic quarter, Radolovoff, the Bulgarian premier, has formally declared to Bulgarian deputies that if the war is not over by summer, steps will be taken to obtain peace definitely. Bulgaria, the dispatch adds, cannot continue the war and has said so openly to Berlin."

Stiff Sentence For British Conspirators

Mrs. Alice Whoolden, her daughter, Mrs. Winnifred Mason, and the late's husband, Alfred George Mason, were found guilty of conspiracy to murder Premier Lloyd George and Arthur Henderson, members of the war council. Miss Harriet Ann Whoolden, who also was tried on the same charge, was acquitted.

Mrs. Whoolden was sentenced to 10 years' penal servitude. A sentence of seven years was imposed upon Alfred Mason, while his wife was given five years' penal servitude.

BRITAIN—CALLS TO CANADA—

THE FACTORY

She must have Food—

for her Armies in the Field—for her Workers in the Factory—in

the Munition plant—in the Shipyard—in the Mine.

THERE'S DANGER IN SIGHT—BUT YOU CAN HELP

DO YOU KNOW—

that the rapidly rising price of food stuffs means that the World's reserve supply is getting small?

DO YOU KNOW—

that a world-wide famine can only be averted by increasing this supply?

DO YOU KNOW—

that a "food famine" would be a worse disaster to the Empire and her Allies than reverse in the Field?

YOU CAN—

help thwart Germany's desperate submarine thrust on the high seas.

YOU CAN—

do this by helping to make every bit of land in Canada produce—the very last pound of food stuffs of which it is capable.

AND REMEMBER—

that no man can say that he has fully done his part—who having land—to be it garden patch, or farm, or ranch—fails to make it produce food to its utmost capacity.

"No matter what difficulties may face us, the supreme duty of every man on the land is to use every thought and every energy in the direction of producing more—and still more."

Martin Durrill—Minister of Agriculture.

The Department invites every one desiring information on any subject relative to Farm and Garden, to write—

ITEMS OF LOCAL INTEREST

Now is Kodak time. Get one for \$1.25 at Hall's Drug Store.

After spending a few months in Ontario, Geo. Dickson returned home last Saturday.

Mr. and Mrs. Thornton Irwin, who spent the winter in Ontario, have returned to their farm near Howell.

J. C. Reid left last Monday on a business trip to Calgary and Edmonton.

Miss Nesbitt, of Breslau, spent last weekend at the home of the guest of Mrs. W. J. Fairbairn.

The measles seem to have run their course in town and are now run out. The last patients were liberated last Saturday.

Mrs. J. E. Gray and family arrived here from the States to join Mr. Gray, who has been employed at the glass plant for some time.

E. J. Crowe got word last Friday that his wife was dangerously ill at her home in Petrolia, Ont. Mr. Crowe left on the evening train for the east.

Leo Walsh, formerly of Redcliff but now of Perdue, Sask., is spending a few days in town this week renewing old acquaintances.

Bert Greaves, an old time Redcliffite, who has been away for about two years, returned last Saturday and will reside here in future. Mrs. Greaves will join him here shortly.

The Red Cross society is now comfortably installed in the new quarters in the Ladies building on Third street. The building is a bright airy place for the ladies to work in.

May Barclay, the eight-year-old daughter of Mr. and Mrs. L. E. Barclay, of the Box Springs Lumber Co., taken to the Medicine Hat hospital last Thursday suffering from convulsions.

You need a spring tonic. Get a bottle at Hall's Drug Store.

Mrs. J. Sturges has taken over the management of the Central Building house on Second street. The building has been cleaned and renovated throughout and is now in first class condition.

Melvin Cowie returned to town last Monday and will help his mother in the Home Cooking Store. Melvin joined the 13th O. M. R. but owing to an accident with which he met while in training he was honorably discharged as medically unfit for further service.

The Fax-Wilson Fur Company will put on one of their high class entertainments in the Empress next Monday night. This is an excellent company, which puts on a high class entertainment. Jim Fax, one of Canada's best comedians, is a member of this company. He is well known to anyone who ever lived in Ontario.

Col. C. W. Hogg, of Craik, Sask., has been appointed by the Dominion government as Inspector at the Canadian Foundry & Machine Company's plant here, and arrived in town last Saturday. Col. Hogg has had a wide experience in this line in England. He is also a veteran of the British army having served in India in his younger days. Mr. Hogg is very much impressed with the prospects for industrial development in Redcliff and thinks our natural gas will be a great help in this direction. He hopes to be able to bring his wife and family here in the near future to reside.

Mrs. E. L. Stone and Langley left last Monday for Maple Creek where they will visit for a week.

J. Rosin, formerly proprietor of the Redcliff Pig Farm, spent a few days in town on business this week.

The Duchess of Connaught, wife of Canada's ex-governor-general, died suddenly in London, yesterday.

Rev. G. Lawson Gordon is in Calgary this week attending a meeting in connection with the Presbyterian churches.

Col. Hogg, Inspector at the Canadian Foundry & Machine plant, received word yesterday that his mother died suddenly in England. She was 80 years of age.

Tickets are selling rapidly for the baseball club's masquerade ball in Redcliff hall tomorrow (Friday) evening. This is expected to be one of the events of the season. Get your tickets early and with the crowd.

While returning from the States where he had been on business, Geo. Gibson was severely injured in a railroad wreck near Moose Jaw. He is at present in the Medicine Hat hospital and is progressing favorably.

Mrs. Wm. Gray received word this week from her old home in Scotland stating that her youngest brother, James Ronald, had been killed in action in France. Ronald is well known around here, as he was living here when war broke out. He enlisted in Calgary.

Friends of Dr. and Mrs. Wall will be sorry to learn that death has taken away their only child, a boy 14 months of age. The child had only been ill 24 hours with convulsions. Dr. and Mrs. Wall have been in California all winter for Mrs. Wall's health. They expect return to Donalds in the early spring.

In a letter from R. Everett, ex-consul of this town, he says that the wounds he received at the front consist of losing a part of three fingers on the right hand, a broken finger on the left hand and five pieces of shrapnel in his side. Although suffering considerably Bob is quite cheerful and is looking forward to returning to Redcliff.

At the regular service at the Presbyterian church next Sunday evening the pastor will unveil a roll of honor. Quite a number of the young men here have been previously mentioned in this church have enlisted and gone to the front. According to a list which Mr. Gordon has prepared there has been in all 207 young men who have joined the colors from Redcliff.

Mrs. W. H. E. Johnson, who was in town for a few days last week previous to proceeding west to join her husband, received word from the military department stating that her son Harry was wounded in action. It will be remembered that Harry was employed as bookkeeper at the Rolling Mills here and joined the 17th just a few days before that battalion left for overseas. His father was also employed at the Rolling Mills but left for the Pacific coast a few months ago.

H. K. McGuire, of the Canadian Foundry & Machine plant, has just returned from a trip to the north country where there had been making arrangements for putting in a crop of a track of land in which he is interested near Ennabess. He engaged teams and secured feed and provisions. Mr. McGuire says there is great activity in that section among the farmers and ranchers, as all are preparing for seeding operations. The heavy snow falls have made it difficult for range stock to feed and in many cases hay and straw is being scattered over the prairie for them.

FURNISHING-GOODS DEPARTMENT

Richard Murphy, who had been spending the winter at his old home in Ontario, returned to Redcliff this week.

G. Neve spent last week-end in town with Mrs. Neve. He has been in training at Moose Jaw and expects to leave shortly for overseas.

Miss McLaren, of Medicine Hat, but formerly of the Overland store staff here, spent last Sunday in town the guest of Mrs. (Rev.) Gordon.

Mr. and Mrs. A. Coleman and family returned last Saturday from Ontario where they had been spending the winter.

J. Clark, who has been conducting a barber shop in R. Clark's pool room, has rented the farm belonging to G. Charnock north of Bowell, and with his family left for the farm last week.

Bedard brothers, of Box Springs, returned last Sunday from Montreal and other eastern points, where they have been spending a few months visiting friends.

Mrs. G. Taylor and daughter, of Moose Jaw, Sask., arrived in Redcliff last Saturday evening to join Mr. Taylor, who is one of the inspectors at the Canadian Foundry & Machine plant. At present they are lodged at the Redcliff hotel.

Friends of Geo. MacIsaac, who left Chisholm, Minnesota, to come to western Canada, are anxious to learn his address. Any information regarding his whereabouts will be gladly received by J. H. Minarich, box 372, Ironport, Minnesota.

C. F. McLean, formerly of the town hall staff, in writing to "F. H. Court-land", states that he is still at the headquarters somewhere in France, at his old job "punching the typewriter". He is now a sergeant and says if he were continued much longer he expects to be promoted to the top of the ladder. The boys at the front have formed a football league and Mac has been named from Paris where he had taken part in a schedule game resulted in a tie. He said the boys were now arranging for his banquet on the 19th inst. to celebrate the arrival of the first Canadian division in France. Mac is still enjoying good health but is longing to get back to Redcliff.
